What are misperceptions your audiences may hold?	What are the benefits of your position(s)?
	How could dissonance help here?
	How could dissonance help here?

Takeaways:

- Understand your audience; they, not your product(s), offerings, initiatives, are key. **indwelling!**
- Where are potential gaps or conflicts that could "awaken" your audiences and get them activated.
- Use wisely. Dissonance is not a cure-all, only one tool among many.
